

## **IN AN EMERGENCY**

There is always access to our emergency service, 365 days of the year.

**Telephone 01227 470033.**

We have a qualified veterinary nurse onsite all night to look after our in-patients during the week. We also utilize the "Vets Now" out of hours service. This service provides emergency veterinary surgeons who can respond outside of normal practice hours, including late at night, weekends and bank holidays. They are there dedicated to Emergency Care, so if we are closed and you have any concerns please contact them on the above number, it doesn't matter if it is very late at night they are there wide awake ready to take your call.

### **Sundays and Bank Holidays**

We are closed on Sundays and Bank Holidays. For urgent problems then, please telephone the emergency service as above on **01227 470033**
